Big Dance Slated For Saturday Night

Two Candidates File In School Election Contest

Next event of importance to voters of Jefferson Union school districts is the election slated for Friday, May 18, at which time two members of the board of trustees for San Mateo Junior college; two members of the board of trustees of Jefferson Union High school and one member of the board of trustees of the Jefferson Elementary School district will be elected.

The only contest on the entire slate is for the Elementary School district trusteeship. Police Judge William J. Sweeney, present trustee, is not seeking reelection.

Two candidates have filed for his place, Emery E. Rowley of 19 West Cavour street, and L. H. Comer of 159 Santa Cruz avenue. Rowley is a traffic counselor and auditor, and has resided in Daly City for the past ten years, six of them at his present home. Comer, known to his many friends as "Larry" is a hardwood floor contractor.

City Clerk E. A. Weisenburger of Colma, and Mrs. Pearl Jones, present incumbents, are unopposed for reelection to the Jefferson Union High School Board of Trustees, as are Carlton W. Herrmann and Col. Chas. N. Kirkbride, San Mateo residents, who are seeking reelection to the Junior College Board of Trustees.

Polls at three Daly City elementary schools, Woodrow Wilson, Crocker and Jefferson, will be open from 7 a. m. to 7 p. m. for voters to cast their ballots in all three elections.

In addition, residents of outlying districts of the Jefferson Union High School district may cast their votes for High School and Junior College trustees at the following places:

Rockaway Beach school from 2 p. m. to 6 p. m.; Sharp Park school, 12 noon to 7 p. m.; Bayshore school, 1 p. m. to 7 p. m.; and Brisbane school, 9 a. m. to 7 p. m.

Four Jeff Boys Chosen By Legion

In upholding its yearly program of sending boy students from local high schools to Boys' State encampment in Sacramento, Daly City, the home of Jefferson Union High school, seems to be especially favored this year in that four of its boys will be chosen as ambassadors to the coming gathering at our state capitol.

For the benefit of the public not yet familiar with the program, be it said that boys from all over the state gather once a year at Sacramento to get acquainted with the running of state government and actually act as statesmen under the guidance of state officials.

Under the leadership of Comrade A. G. K. Jakobsen, chairman of Boys' State activities, both for the local post as well as for Voiture 393 de la Societe des 40 Hommes et 8 Chevaux, this program is once again getting under way.

The following students, all from Jefferson Union High school have been chosen: Charles Piccard, Harold Tikkanen, sponsored by Brisbane Post, American Legion; Earl Odell, Ben Parodi, sponsored by Daly City Post, No. 410, American Legion.

Officer Hopman Is Recuperating From Fall

Officer George Hopman, 64 Eastlake avenue, is recuperating at his home after a fall down the inside stairway of his home.

Officer Hopman broke a couple of ribs and it will be a week or so before he will be back on the job. His many friends wish him a speedy recovery.

Recently Repatriated War Internee

Benjamin F. Edwards who was interned for more than three years at Santo Tomas and Los Banos in the Philippines was recently repatriated and is now visiting his sister, Mrs. T. D. Costello at 135 Action street, Daly City, after which he plans to travel to Green Bay, Wisconsin where he will visit another sister, Miss Helen K. Edwards.

Mr. Edwards was one of several internees at Los Banos who prior to the liberation escaped from camp and joined with guerillas, rangers and paratroopers and who so planned their time of attack that they literally caught the Japanese off guard, thereby saving the lives of many Americans.

At the time of the capture of Manila, Mr. Edwards was serving as a mechanic for Pan American Airways with whom he had been employed since August, 1940. Following his extended vacation, Mr. Edwards will return to San Francisco where he will resume his duties with the Pacific-Alaska division of Pan American Airways who are now operating in the Pacific area under contract to the Naval Air Transport service.

Postal Workers Ask For Raise

San Francisco Branch 88, National Association of Postal supervisors through Chairman William Shea of its legislative committee, has asked the people of this area to get behind the bills for increased salaries for mail carriers and other postal employees, now pending both in the United States Senate and the House of Representatives.

Pointing out that there has been no increase in salaries of postal workers since 1925, Shea has asked that voters write their senators and congressmen, urging passage of these two bills, Senate bill S. 908 and House bill, H. R. 2071. He indicates these two bills are aimed at raising salaries of postal clerks and carriers, as well as correcting many other inequities in the postal service.

Daly City Draft Board No. 103 has received a call for five men on Wednesday, May 23.

This call includes men known as "job jumpers," in other words, men who have changed employment without first getting permission from their local Draft Board.

Firemen Complete Arrangements For "Victory Bond Dance" May 5th

Don't make any dates for Saturday evening of this week. That's May 5th——date of the annual Victory Bond dance given by the Daly City firemen for the benefit of the department's Widows' and Orphans' Fund.

This year's event will be held at Lovchen Gardens, Hillside boulevard and Chester street in Colma, now claimed to have one of the best dance floors on the Pacific Coast, with Ozzie and his band furnishing the music.

Annually one of the biggest social events of the season, this year's dance is expected to draw more than a thousand persons. Firemen, who recently completed a house-to-house ticket sale, estimate they have disposed of at least that many ducats.

Ozzie has arranged several special features, but will not announce their nature — preferring to save them as a surprise. "But" the energetic little band leader says, "any one of them is well worth the price of admission."

Lovchen Gardens is located one block from Olivet Memorial Park towards Daly City, and can be reached from the 40 car line, by getting off at the Owl Garage and walking two blocks east.

Doubleheader Is Slated For Sunday

Sunday at Marchbanks park, Daly City diamond devotees will have an opportunity of witnessing Ted Coffey, rated by critics who have seen him in action, as the outstanding pitcher in San Francisco semi-pro ranks today. Coffey and his Walt Gordon Realty teammates will oppose Regal Pales in a "Big Rec" league game at 2:30, in the feature contest of the Sabbath doubleheader here. A noon game, bringing together the Bear Photo Service nine and a service club is being arranged.

Coffey, now stationed at a San Francisco army post, signed with Montreal in the International League before entering the service, but did not pitch for that team, which makes him eligible for competition in the local league. He has won 13 out of 14 games for the Gordon nine, his only defeat being at the hands of the Cincinnati Rookies in a game tossed away for him by weak support in the field. He seldom permits opposing batters more than four or five hits in any one game.

In "Big Rec" league games to date, he has permitted eight hits, holding Laundry Workers to three hits, as his team won 5 to 2, and the Shipfitters to five safeties as his mates pounded out a 21 to 2 decision.

Last week, Regal Pales turned back Grosso Music 7 to 6, after dropping a 4 to 3 decision to Federal Outfitting Co. the week before. The Regals have a hard-hitting, fast-fielding crew, with Bill Morones, a 17 year old youngster with plenty of zip, heading their mound corps. Gordons and Regals are handled by veteran managers, well known to Bay Region baseball fans. Dink Schumacher pilots the Realty nine, with Charley Locke handling the Regal crew.

Probable starting lineups will be: Regal Pales—Shanahan ss; Pengel 3b; Landini rf; Viola cf; Petrocchi lf; Zeiss 1b; Magoncalda 2b; Ferreira c; Morones p, with Karp in reserve.

Gordon Realty — Murphy ss; Lopeman lf; Boyce cf; Kelly 1b; De Pietro 3b; Fucile 2b; Grealish or Clow rf; Payne c; Coffey p.

Present standing of the league:

Teams	W	L	Pct.
Federal Outfitting	2	0	1000
Frank Newman	2	0	1000
Gordon Realty	2	0	1000
Yg. Christ. Wks	1	0	1000

Laundry Workers	1	1	500

Announce Summer Camp Plans For Daly City and Colma Girl Scouts

Food piping hot from the camp fire, fun in the sylvan lovliness of a spot far from the city streets, crafts and games for everyone—these are prospects in store for local girls now that summer camp plans of the Daly City-Colma Girl Scout Council have taken final shape. Mrs. Cora Oberg, camp chairman, outlined the council's arrangements at a special meeting called by the commissioner, Mrs. Stella Jensen, Thursday night, April 26, at the Jefferson Union High school little theatre.

Thursday night's meeting was attended by men and women of the community interested in the Girl Scout program, as well as members of the council. Leaders, assistant leaders, and committee members had all been issued special invitations to attend.

In addition to the week-long camping session at Camp Monty Toyon near Santa Cruz, day camp will be sponsored this year by the Daly City-Colma council. To be held Tuesdays and Thursdays during August, the camp will be located near Colma, on property provided by Mattrup Jensen, in whose honor the site is to be designated as Camp Mattrup. Director will be Mrs. Muriele Pabst; assistant director, Mrs. Lucille Lemon. An appeal has been issued for more adult leaders for the day camp session. Anyone who could help with this important project is asked to contact Mrs. Pabst.

In order to get the day camp in A-1 condition before August two Sundays in May have been set aside as work days. Adults who have children enrolled in Girl Scouting or who are interested in the project from a community standpoint are asked to meet at the Jensen home in Colma, May 6 or May 20 and help clear and prepare the location for the August activities. E. E. Rowley, HEmlock 7775, will be glad to advise those volunteering for the work about what kind of tools to bring. He may be reached during business hours. On both Sundays the group of workers will meet at the Jensen home at 11 a. m.

The association type of Girl Scout Council organization was presented at the April 26 meeting by Mrs. Jensen. The majority of the council and the leaders present at the session voiced approval of the change but formal action was delayed until full study could be given the matter.

Next meeting of the council will be held, Thursday, May 31, 7:30 p. m. in the teachers' room at Jefferson Union High school. Mrs. Jensen named Mrs. Cecelia Hale, Mrs. Lemon, and Mrs. Hilda Heagney to the nominating committee. Mrs. Louise Buttle was appointed to handle the supply of pins and badges for the local troops. Mrs. Frances Windhurst, registrar, announced that this community now has 219 girls and 58 adults enrolled in Girl Scouting.

Those present at the special April 26 meeting included: Mrs. Buttle, leader of Troop 2; Mrs. Allene Lehigh, council; Mrs. Pabst, leader of Troop 5 and council; Mrs. Janet Delucchi, council; Mrs. Hale, council; Mrs. Zella Gelinas, leader of Troop 4; Mrs. Lena Banfield, leader of Troop 12; Mrs. Elsie Hesselein, leader of Troop 3 and council; Mrs. Ethel Proschold, co-leader of Troop 3; Mrs. Vera Perrier, co-leader of Troop 11; Mrs. Dorothy Erickson, leader of Troop 11; Mrs. Lemon, council; Mrs. Myrtle Hathaway, Troop 11 committee; Mrs. Heagney, leader of Troop 8 and council; Mrs. Mildred Ventura, leader of Troop 9; Mrs. Mary Crane, camp committee; Mrs. Hazel Marsh, council; Mrs. Ann Eason, camp committee; Mrs. Ruth Rowley, Troop 10 leader; E. Through the courtesy of Stanford Hannah, superintendent of Jefferson Union High school, arrangements had been made to show a film about Girl Scouts at camp to those present at the meeting. Hannah remained for the entire session.

Navy Appeals For More Workers

Shipments of emergency sea rations from the Naval Supply Depot Emergency Packing unit in the Growers Rice mill, South San Francisco, are being seriously hampered by the need for men to work in the warehouse. Since the activity started operations on December, 4 1944, 14 men and women have packed 75,000 containers of food to be put in life rafts, with an average of 1,900 containers a day. Each metal can contains enough rations to feed 30 men for one day. This is 45,000 calories packed into compressed form.

As the need for laborers is urgent, the Navy is making a direct appeal to persons not in essential work and who are living within commuting distance of the activity, which is located on East Grand avenue.

Employees at the depot have a feeling of being very close to the war when they see rations which they have unloaded and packed being sent overseas. They know that the cans contain more than just spam, biscuits and malted milk tablets for many a gunner or pilot or seaman adrift in a life raft. They are his hope of coming home.

THIS WAS BERLIN

From all reports about the battle of Berlin it is quite apparent that the German capital has ceased to exist as a great world center.

That which was Berlin is now little else than a huge pile of smoldering rubble and ruin.

Seemingly, it has taken ages first to stem, then to hurl back the Nazi tide since it swept so irresistibly across the German frontier into Poland to touch off this greatest and ghastliest of all wars.

Yet, though it is hard to realize, it began less than six years ago. Just five years ago Hitler was consolidating his conquest of Denmark and Norway and was secretly preparing to spring at France and the Low Countries. Only two years back on the calendar, the beginning of the end, or the "end of the beginning," as Churchill put it, was taking place in North Africa. There in mid-May the vaunted Afrika Corps ceased to exist.

Actually, this war has moved quite rapidly since we took the offensive, for speed has been the essence of our attack.

The development of airplanes, and especially the extensive use of motorized equipment, has made possible the swift deployment of our forces. Speed has also been a "must" on the home front. And here, too, the use of America's vast motorized transportation facilities has played an effective part in accelerating the flow of guns, tanks and food to our forces.

Today the blasted wreckage that once was proud, prim Berlin stands as a grim warning to the world that the nation which sows the wind of tyranny and aggression will reap the whirlwind of death and destruction.

5,000 AIRPORTS?

Will the United States have 5,000 airports operating within the next five years? One large aircraft manufacturer foresees this possibility.

Interestingly enough, the development in aviation is repeating, to a marked degree, the growth of the automotive industry. Forty years ago when America's first automobiles chugged over unpaved streets and rutted roads, garages and service stations were virtually non-existent.

But as the automobile grew, the roadside facilities to serve them sprang up and increased in number.

Less than two decades ago when commercial aviation was "trying its wings," many large cities were virtually without any but the crudest facilities to accommodate airplanes. Today, however, not only metropolitan centers, but many other communities, are equipped to handle air traffic on a scale hardly dreamed of a decade ago.

These facilities will be put to full use after the war when commercial and private flying are certain to expand at an unprecedented rate. The speed of air travel, the reduction of commercial passenger fares to the range of the middle class pocketbook, the public realization that commercial air carriers are as safe as any other means of transportation—these factors will contribute much to the realization of the predicted 5,000 airports within the next five years.

There can be no doubt that aviation in America, in spite of the growth already attained, is just entering the "age of flight."

ROBOT BOMBS—AND PEACE

Winston Churchill has reported on the final score of the V-2 robot bomb attacks on England.

He revealed that these attacks ended on March 27. But during the comparatively few months in which they dropped without any warning from the sky, 2,754 persons were killed and 6,523 injured. Approximately 1,200 of the giant missiles fell on England.

One bomb alone killed 167 persons in November. Seven of our American soldiers were victims of one blast.

These are not pleasant statistics to read. But they do drive home the utter necessity of working out some sort of mediation machinery for the world through which the differences between nations can be settled peacefully. They also show the urgency of never again permitting aggressor nations to re-establish their military strength.

It takes but little imagination to picture the size and destructive power of robot bombs that can be developed in the years to come. That is why it is all the more important that the ability and inventive genius of men be turned toward constructive, rather than destructive, lines.

WHAT'S IN A NAME!

The Smiths are no longer trying to "keep up with the Joneses." They are way ahead of them—at least in name popularity.

United States Army files reveal that no less than 72,000 of its members answer to the name of Smith. And the Joneses? Hmmph! A mere 31,000. In fact, the Johnsons and the Browns are much more numerous than the Joneses.

Well, what's in a name, anyway!

News From Jeff District Schools

AT WOODROW

Minerals as a natural resource, is the next topic of study undertaken by Room 4.

The sixth grade is studying the crops grown in Italy. Two-story agricultural and irrigation were discussed and reported to the class by several boys and girls. They have read and compared all farming in the Mediterranean countries.

The fifth grade pupils of Room 12 are now interested in the food of the people of pioneer days. They are comparing it with food of today. They also are busy preparing reports and learning new facts about food and health.

The high fourth in Room 14 have studied about all our Arctic friends. They compared the living habits and kinds of housing our northern neighbors live in.

The high fourth and low fifth enjoyed listening to the Standard School Broadcast last week. This lesson was about Eskimo music. The children heard how the music of Canada was influenced by the French and the English. The music is quie primitive and reminded us of our American Indian music.

AT JEFFERSON

This week Jefferson Elementary school children are bringing in contributions of used clothing to be sent to the homeless refugees of Europe. Only clothing that has been cleaned and repaired is accepted. Every classroom has a corner filled with cardboard boxes containing these much needed shoes and garments.

Seventh grade students had a motivated arithmetic lesson in percentage yesterday. The children were told to bring the financial section of a newspaper to class. They were directed to scan the stock market reports, and then were shown how to evaluate in dollars and cents, gain or loss when stock went up or down, ¼ of a point.

During their art period, the seventh and eighth grades made some life size silhouettes. These silhouettes were cut, mounted and arranged, to form a border around their respective rooms. The children had a lot of fun identifying their classmates.

The sixth grade has an interesting art corner display this week. It is the result of an art lesson on Special corps insignia. Each child drew the insignia that most appealed to him. The huge panther of the 409th Bombardment squadron, drawn by Leo Giannecchino, was acclaimed the most striking.

The bulletin board of the fifth grade is decorated with flags of the Allied nations and pictures dealing with events and people who are important factors in our great United Nations Conference. The children plan adding new pictures daily to their bulletin board.

AT CROCKER

Last week the pupils of Room 2 welcomed to their class, Harold Bradford, from Tucson, Arizona.

This week, the students of Room 3 learned about the life of the Middle Ages. Especially interesting was the study of the great manors, and the many serfs forced to do the farming on the great estates.

This week the students of Room 4 have been very interested in locating on the map the different countries sending delegates to the United Nations Security Conference in San Francisco.

The pupils of Room 6 were shown still films on coal to electricity, petroleum production, and United States fishing industry. These films dealt with the unit on natural resources and how to conserve them.

Cuban Tobacco

Tobacco is second in importance only to sugar cane in Cuba. The tobacco industry has an advantage in that the tobacco farms are mostly small and even those owned by the large concerns are operated by independent farmers.

How to prepare produce for Baby

Baby's ABC's start now with vitamins instead of blocks. Baby must get his or her full share in order to have a good start . . . and these directions will help you preserve all the nutrients necessary for Baby's growth.

PUREEING VEGETABLES AND FRUITS

Cut vegetables and fruits into uniform pieces; place in saucepan; add just enough water to create steam. Cover tightly; steam until vegetables and fruits are just tender, no longer. Long cooking destroys the nutrients. Cool thoroughly before pureeing. This prevents loss of vitamins through oxidation.

Press through special pureer, colander, or sieve with wooden spoon. Avoid stirring. Be sure to include what water is left in the cooking pan. There should be *very little*, but it is vitamin- and mineral-rich.

Store pureed products in covered sterilized glass or crockery jars in cold place. Prepare only enough for one day's supply at a time, as longer storage means loss of vitamins. Heat only enough for one meal at a time, as reheating is also destructive of the food elements. (Note: The same rules of vitamin protection apply to diced vegetables and pureed ones.)

CREAM OF VEGETABLE SOUP

½ cup milk — 1 to 2 tbsps. butter
½ cup pureed vegetable

Combine milk and vegetables (spinach, peas, carrots, asparagus, celery, string beans). Heat just to boiling and add butter. Makes 1 cup soup.

LIVER SOUP

¼ cup very finely ground raw carrots, celery and parsley — 1 cup water — ¼ cup (2 oz.) finely ground liver

Cook vegetables in water in covered pint saucepan until tender, about 10 minutes. Cool. Strain soup; puree vegetables. Combine and heat to boiling. Add liver, cover and simmer 5 minutes, stirring occasionally. Makes 1 cup soup. NOTE: Do not soak liver. Any vegetable combination can be used.

Jeff Hi Takes 7 to 5 Win From Half Moon Bay

Jefferson Union High school's baseball team broke even in two games during the past week, losing an 8 to 4 decision to San Mateo at the latter's diamond Friday afternoon; and returning to the home diamond Tuesday evening, to drop a battling Half Moon Bay nine, 7 to 5, in the last home game of the season for the Indians.

The Jeff nine will wind up its Northern Peninsula Athletic League schedule Friday evening, May 4, when it travels to South San Francisco for an engagement with the undefeated league-leaders. This game will get under way at 3 p. m.

The Indians were outhit by Half Moon Bay batters 6 to 5 Tuesday evening, but managed to make their hits count. The locals scored four runs on one hit in the second inning, three errors by the visiting infield and a base on balls helping in the scoring. Ben Parodi, Hal Tikkanen, Al Delfino and Eddie Milano all rambled around the bases in this inning, with Tikkanen getting the only hit, a single to right field.

The Jefferson lads scored two in the fifth, and one in the sixth, all three runs earned. Charlie Hicklin's single, Tikkanen's long double to center field, and a hot two base drive over the first base bag by Don Rutherford, Frosh-Soph player in his first Varsity game, netted the two in the fifth.

George Perada walked to start the sixth, went to second as Don Welch sacrificed, stole third and ambled home as Hicklin pounded a hot single through third.

Perada moved in from second base to open the game on the mound for the Indians. Pitching four innings, George was nicked for four hits, but shouldn't have been scored on. Three wild throws in as many innings, by the usually reliable Ben Parodi accounted for the three runs. Perada fanned four batters and did not issue a base on balls.

Charlie Piccard took over in the fifth, and gave up two hits. He too, should not have been scored against — the failure of Lagomarsino to keep his foot on first base with a cinch double play in sight, giving the visitors a chance to score twice in the final inning. Charlie walked the first man in this inning, nearly always a fatal oversight against the Half Moon Bay lads, who never give up until the last out is recorded in the score book.

Stars of the game for the Indians were Hal Tikkanen, the locals' "Jack of all Positions," and young Rutherford. Tikkanen collected a double, single and walk in three times at bat, and turned in a highly spectacular double play, when he caught Guisti's fly in left center, and rifled the ball to Lagomarsino at first to double Santini off that base.

Rutherford replaced Al Delfino at the hot corner in the fifth, collected a double in one trip to the plate, and made a nice grab of Lea's hot liner, just ahead of Tikkanen's stellar play.

Sunday's Game Shows Many Runs

Runs fell on Marchbanks park home plate Sunday afternoon just about as thickly as American bombs on Berlin the past winter. In the 17 innings, 39 runners tapped rubber, the Longshoremen "nosing" out Young Christian Workers 13 to 9 in the afternoon's feature (?) George Herold's Federal Outfitting Co. took an 11 to 6 verdict over Paul's Fountain in the noon setto, a "Big Rec" league game.

It must have been the summer weather—other games of the "Big Rec" league at Golden Gate park diamonds Sunday produced similar scoring orgies. These games resulted as follows: Walt Gordon Realty 21, Shipfitters 2; Frank Newman Furnitures 11; Campi Tavern 5; Regal Pale 7, Grosso Music, 6 Laundry Workers 14, Western Pipe and Steel 5.

A good sized, good natured crowd witnessed the two sprees at the local diamond, and seemed to have an enjoyable afternoon. Young Christian Workers outhit the Longshoremen 17 to 11, but the Maloney piloted crew had better luck bunching their hits, and the YCW lads were unfortunate enough to uncork their two errors at the wrong time. Meanwhile Milt Mountaintes, YCW pitcher walked seven Longshoremen and hit another, while Warren Jenkins, Longshoremen hurler, lost the plate only once.

YCW took a 5 to 0 lead in the first half of the game, only to see the Longshoremen almost tie the score in the last of the fifth with a four run spree. The Maloney men added two more in the sixth to go ahead for the first time.

The Christian Workers collected five hits and four runs in the first half of the eighth—a rally that was tame compared to the one uncorked by the Longshoremen in the last half of the same inning. Santora and Gugliemetti inserted triples among the five hits in that half frame, and before the last out had been recorded seven Longshoremen had roamed the bases.

Remy and Berger of the YCW also hit triples in this game, with Heinbockel of YCW and Galarza of the Longshoremen punching out doubles. Gugliemetti punched four runs across the plate, with Manager Maloney driving in three. Fielding feature of the game came in the first inning, when Stromberg, YCW left fielder caught Carrasco's fly, and with a long, rifle throw doubled Rose off first base.

Federal Outfitters scored at least one run in every inning but the second, and were always in the lead. Chet Maskulka, big right fielder batted in four runs with a pair of singles and an infield out. Lynch and Herold collected doubles.

Feature of Paul's Fountain play was the stellar work of Mike Baxes, batboy, inserted in the lineup when one of the regulars failed to show. Young Mike hit two for four, caught everything sent his way and elicited the fans' praise by showing he knew what to do with the ball after he got it.

Gil "Frenchy" Bordenave led the Fountain batters at the plate with three hits, batting in two runs.

Marines "Take" Fort Scott 6 to 5

If certain local baseball filberts were more ga-ga than usual last Friday night, it was all right. They had just been out to Marchbanks park, where they had seen the San Francisco Marines, daily getting more delightfully daffy than the Seals even, snatch a 6 to 5 decision from the Fort Scott army nine, with as zany a last inning reversal of form as ever witnessed hereabouts.

For eight innings, the Marines rolled over and played dead before the tantalizing slants of Jim Humphreys, Fort Scott right hander. Meanwhile the army lads had collected three runs in the fifth, and two more in the eighth.

The ball game rolled into the last half of the ninth, with the Fort Scott laddies apparently in firm control of a 5-0 victory. But "a ball game is never over until the last out is recorded in the score book." The Fort Scott boys couldn't find that last out. When last heard from, it was just south of Palo Alto, headed away from here faster than a Nazi Gauleiter scooting from the Russians.

Sgt. Stark, Marine third baseman, started this hectic ninth with a perfect bunt down the third base line that caught Cobb, Fort Scott third sacker, with his daubers down. Goodale singled, Strode batting for pitcher Duplinski, rolled a double play grounder to short, but both Goodale and Strode slid safely into their bases. Covillion hoisted to right, scoring Stark. Norris popped to short for the second out. Gschida lifted what looked to be the game-ender a pop back of short, but Easterbrook, Fort Scott shortfielder, dropped the ball, and Goodale and Strode whooped across the plate. Kremers batted for Terrell and singled to center, putting Gschida on third. Hollingsworth balked admitting Gschida. Russell walked, Kalvin singled to right, scoring Kremers, and Stark, up for the second time in the inning, tallied Russell with the big run, with a line single to right center.

A peculiar feature of the game, was that Duplinski, who had changed uniforms, and was in the grandstand when Russell crossed the plate, became the winning pitcher.

Last Wednesday, the Marines dropped a 12 to 8 decision to the Vallejo Dynamiters at Vallejo, despite getting 14 hits, including home runs by Covillion, Stark and Goodale. Weak pitching and fielding cost the Marines the game, it was 12th Naval District National League contest.

S. F. Marines Win Local Game

San Francisco Marines uncorked two big innings at Marchbanks park Wednesday afternoon to defeat the Port Chicago Cubs 7 to 4, and run their Twelfth Naval District National League record to two victories and one defeat.

Meanwhile Sgt. Duplinski, slender right hander on the mound for the Marines was hit hard in only one inning, the third, in which the Cubs scored three runs on three hits, one a triple by shortstop Baker and a walk. He permitted only six hits throughout the entire game, and fanned nine Cubs.

The Marine pitcher started a productive third by drawing a walk. Norris' single, Kremers' double and a really wild throw by Sagedale, Cubs' pitcher, over first base permitted Duplinski, Norris and Russell to cross the plate.

Jerome, husky right fielder took the mound for the Cubs in the sixth and promptly got into trouble. He hit Kremers on the right hand to start the inning. Singles by Kozielski, Duplinski and Tschida, coupled with a steal of home by the latter, gave the Marines their other four runs.

Freese's error at second base permitted Campbell to score from second with the other Port Chicago run in the third.

The Marines, who dropped an 8 to 6 decision to Colombo Bakery at Oakland last Sunday, will play on the road during the coming week. Saturday they travel to Washington park in Alameda to cross bats with the Maritime Officer's School and Wednesday of next week trek to Mare Island to meet the Mare Island Marines.

Boxing Exhibition Pleases Audience

Dan Wilson, Paul Pizzi, George Perada, Al Francesconi, Gil Thompson, Eddie Gigli and Joe Barros emerged victorious in the seven divisions of the annual Jefferson Union High school boxing tournament at the high school gym last Friday night.

Wilson won the 169 pounds division, defeating Art Valverde; Pizzi copped the 159 pound section with a decision over Frank Devlin, Gigli bested Jerry Danford in the 119 pound setto and Joe Barros won from George Gigli in the 109 pound weight.

Four entries in each of the other three divisions required the winners to fight two bouts before being acclaimed champions. In the 149 pound semi-final Perada won from Tom Fazendin and Jerry Roots decisioned Larry Russo, Perada taking the decision from Roots in the final.

The 139 pound section brought out the only technical knockout in the entire program. It happened in the final, when Bob Grimes who had decisioned Clay Thompson in one semi-final, was forced to quit in his bout with Al Francesconi, because of an injury. Francesconi decisioned Tom Goodson in the in the other semi-final.

In the 129 pound division, Thompson defeated Jerry Gigli in the semi-finals and Gil Selvidge in the final. Selvidge earlier won from Charlie Piccard.

Roy Diederickson, boxing instructor at Lincoln High school in San Francisco refereed, with Claude Hackley, Earl Lewis and Howard Miguel as judges. Timekeeper was Truman Bentley, with Dr. Allen Hinman as attending physician.

The program was staged under the sponsorship of the J. U. H. S. Block "J" Society, with physical educational directors Elman Rose and Marion Hall in active charge. Don Welsh, J. U. H. S. student body president was the announcer, with Eva Claus and Rita Lozano supervising the distribution of handsomely mimeographed programs.

During the intermission between the semi-finals and finals of the boxing tournament, a tumbling and pyramid building team composed of ten boys from various Jefferson High gymnasium classes staged a splendid exhibition, putting on tap a series of intricate and highly spectacular feats. Members of the team were Jack Balthus, George Curry, Al Delfino, Francis Franzen, Oscar Guisti, Charles Hulse, Charles Kerekes, Peter Ramer, Allen Seiler and Eugene Sommers.

To The Taxpayers of DALY CITY

As taxpayers of Daly City, the Citizens Committee of Daly City is interested solely in Just, Efficient and Economical Government, and believes that a well-informed community is the only means of obtaining such government. Thus from time to time this Committee intends to inform you of activities of your City.

Today, the Citizens Committee introduces the third "Charlie McCarthy" of your City Council, John Craig. On April 16, 1945, this new recruit on the Council fell in line with the other two "yes" men, Edward Dennis and Howard McHugh, and voted to prolong your agony in the Reardon case by an appeal from the judgment of the Superior Court which had ordered reinstatement of and back pay to the ousted Police Chief.

The Committee desires to acquaint you with a little background on the Reardon ouster. The first attempt to oust the chief was made at a Council Meeting by a motion of one of its members in '42 shortly after being elected. There being no second to the motion the matter was dropped. However, the "forces in the shadows" were not to be stopped, being determined at all costs even at the taxpayer's expense to "get" Reardon. Shortly thereafter, Arthur Bodien, director of Civilian Defense for Daly City called a meeting of Air Raid Wardens, first aid personnel and all individuals interested in civilian defense activities. The meeting, instead of dealing with defense problems, became a "smear" confab directed against the Chief of Police. Before the meeting was over, the greater portion of those in attendance becoming disgusted left the meeting.

In June, 1944, the "forces in the shadows" finally hog-tied enough "McCarthys", Dennis, McHugh and Meritt, who acting as the majority of the Council, forced the ouster of the Police Chief. Subsequently, the ousted Chief pursued his action against the City which resulted in a judgment in his favor in the Superior Court for back pay of $2,137.37 plus costs of Court. Now the Big 3, with Craig replacing Meritt, has decided to cause your City more expense by taking an appeal.

The manner in which the Chief was ousted is certainly not in line with the principles adhered to by organized labor. Isn't it reasonable that a workingman, whether he is a member of a labor union or a government employee who has given seventeen years of his life to government service, should be accorded a fair and impartial hearing by an independent board of review before being removed from his position. Would Councilman Dennis, as well as Craig who is likewise affiliated with organized labor, be willing to acquiesce in action taken by their respective employers who would sit as prosecutor, judge and jury in a hearing for removal from their positions? Labor unions have to their everlasting credit stood for "fair play" and "job security" for the workingman. As members of labor unions, shouldn't Messrs. Dennis and Craig put into practice this ideal in the case of a fellow workingman.

Civil service was put into effect by an ordinance of the City Council in 1936. Why not apply the fundamentals of "fair play" and "job security" which form the basis of a civil service system. As pointed out by Robert Duffy, director of the San Mateo Employees Association, the action taken by the Council of Daly City will "reflect on the morale of government employees." Thus no government employee of Daly City can have the assurance of retaining his job, regardless of his honesty or efficiency, so long as the action of the majority of the City Council stands as a precedent. Thus instead of the government servant endeavoring to serve YOU, who pay his salary, he must spend his time keeping in the good graces of the puppets of the "forces in the shadows."

Are YOU, the taxpayers, willing to return to the spoils system of government which has proven detrimental to good government and wherein the sole qualification for a government job is one's ability to corral votes. Experience has shown the evils and waste of such a system and yet the majority of your Council persists in returning your City to such a system where efficiency and integrity are no longer prerequisites.

Passing to another important matter, the Reardon case strikingly illustrates the utter contempt the majority of your Council has for economy in government. No decision will be forthcoming from the Appellate Court for a period of from six to eight months, yet as each day passes the cost to YOU, as taxpayers, increases, since the municipality is bound to pay the salary of an employee without having the benefit of his services. The plaintiff, Reardon, having won the first round in the trial court stands an excellent chance of prevailing in the appellate court. Thus if the Superior Court's judgment is affirmed, your municipality will be liable for the sum of about $10,000.00 which of course YOU will have to pay.

In connection with the decision of Councilmen Dennis, McHugh and Craig to prosecute the appeal, no meritorious reasons were advanced by them. It was simply a matter of disliking the individual, Reardon. Are the taxpayers of this community willing to stand for such reasoning? Are you willing to allow "forces in the shadows" to play political football with the workingman's livelihood? Are YOU, as payors of the bill, willing to acquiesce in a state of affairs wherein "forces in the shadows" who have personal grudges or fancied grievances impose unnecessary burdens on your purses? If these "forces in the shadows" desire to control your city, they should be willing to stand the searing scrutiny of the public spotlight with their "stooges" and permit the responsibility that goes with control of government to be fixed with certainty. YOU, the TAXPAYERS, have the right to know who the "forces in the shadows" are who control your City.

Week's Program At D. C. Theatre

"To Have and Have Not," starring the ever popular Humphrey Bogart and Lauren Bacall, a brand new star who is now being compared to Marlene Dietrich, will start Thursday to run for three days. This picture, written by Ernest Hemingway, author of "For Whom the Bell Tolls," is considered to be quite good. A main attraction in the picture is Hoagy Carmichael, the "Stardust" man giving some of the hottest and sweetest piano music the screen has ever had a chance to offer. Walter Brennen, the all-time champion academy-award winning character man plays a leading role.

"Hi Beautiful," starring Martha O'Driscoll and Noah Beery Jr. and supported by Hattie McDaniel, will be the companion feature.

"For Whom the Bell Tolls," an intense dramatic production of the Spanish Civil War, will start Sunday to run three days. Gary Cooper and Ingrid Bergman play the starring roles and Akim Tamiroff and Arturo de Cordova furnish an excellent supporting cast. The picture is made in beautiful technicolor scenes, many of which were taken in Lake county.

"On Guard" the latest of the "This is America" series of short subjects is packed with exciting drama and will also play Sunday, Monday and Tuesday. This picture is a summary of the work of the F.B.I. in meeting the threat to the nation's war effort.

Foolscap

Paper in sheets 13 by 16, or 17, inches was watermarked by oldtime papermakers with a fool's cap and bells. Hence the name. A story is told that this marking was used in Cromwellian days, after the overthrow of the monarchy, as a mark of derision in place of the royal arms formerly used.

Stanley Parmisano Is Touring Mexico

Stanley A. Parmisano, 17 year old son of Mr. and Mrs. Anthony Parmisano, 101 Evergreen avenue, Daly City, is now on a seven day trip through Mexico, one of the awards won by the St. Mary's college junior as a result of his taking the National collegiate championship in the James Monroe oratorical contest last week in New York City.

Stanley left La Guardia Field, New York City, Sunday evening at 7 o'clock, for Mexico City and Monday had lunch at the famed Hotel Maria Cristina in the Mexican capital.

While awaiting completion of arrangements for the trip between representatives of the Hearst newspapers, Mexican officials, and officials of Eastern Airlines and Pan-American Airways, he dined at several swank dinner clubs including the new Carnival club at the Hotel Capitol and historic Fraunces Tavern, made a tour of Radio City, and saw a number of topline Broadway plays including "Harvey" and "Barretts of Wimpole Street."

He was accompanied on his tour of New York City and on the Mexican trip by John Paul Mounteer, Albany, N. Y., youth, who won the national high school oratorical championship, and by representatives of the Hearst newspapers.

Man in the Moon

The surface of the moon is variegated with irregular dark patches, roughly resembling a human face, which give rise to the old expression "the man in the moon." Albedo, or the difference in reflective powers of different surfaces, causes this. It is due partly to elevations and depressions on the moon as well as to various kinds of material on its surface.

NEWS FROM JEFF HIGH SCHOOL

Assembly

Tuesday's assembly, April 24, featured Minnie Ellen Hastings, who sang Indian songs and told stories. She was dressed in a colorful Indian costume made for her by a member of the Crow Tribe.

Her father, Dr. Thomas Marquist, who lived many years with the Indians, is the author of the book "A Warrior Who Fought Custer."

"Her Fatal Beauty"

The long-awaited "Her Fatal Beauty" was finally presented last week, not once, but twice. The first presentation was Tuesday evening, and the second Wednesday afternoon in an assembly.

Members of the cast included Bob Statton, Jerry Plyer, "the villain;" Audrey Kusber, Shirley Schilling, Willadean Colby, Gretta Ann Wright, Esther Morgan, George Sabins.

Announcer for the play was Jim Ellett. The production was under the direction of Miss Barbara Schmidt, dramatics instructor.

All who saw the play would certainly class it as a "success."

Rally

More support for the baseball and track teams was the purpose of the rally held Friday afternoon.

Besides the usual yells and music by the Varsity band a song skit was presented by several members of the student body.

The yell-leaders were dressed in their navy blue sweaters with the gold blocks, and gold skirts. Head yell leader, Doris Hahn, wore a white sweater and navy blue skirt.

Important Day

"Report to 450 Gough street at 1:45 p. m. Friday afternoon." This was the instruction given to each of the eight students chosen to usher at the United Nations conference.

Eva Claus, Byron Kimler, Art Valverde, Ben Picetti, Vincetta Turtureci, Virginia Nestor, Phil Morales, and Verna Moresco arrived at the above address, were issued their passes, and marched to the Opera House to prepare for the big day.

Ben, Verna, and Art were appointed to the balcony where the members of the press were to be seated. The luckier ones, Byron, Phil, and Eva were situated at the dress circle.

Phil had the experience of talking Spanish to one of the more important delegates, and Byron while glancing at a woman's pass discovered it was Miriam Hopkins. There was more time spent in peering at the important people than ushering.

The girls dressed in middies and dark skirts, and the boys in dark suits presented a nice picture.

Students from all city schools as well as Jefferson and Tamalpais were represented at the conference that day.

Second Candidate Chosen

Daly City's representative at Boy's State this year will be Ben Parodi. The other candidate, Harold Tikkanen, chosen to represent Brisbane, had been selected earlier.

The two boys will go some time in June to Grant Union High school in Sacramento, at which time they will learn the inner workings of the state government.

These two candidates were chosen on the basis of leadership and interest in becoming better citizens.

Patrons and Patronesses

Patrons and patronesses for the Senior ball chosen at a Friday meeting of the Senior ball committee are as follows: Mr. and Mrs. Stanford Hannah, Mr. and Mrs. Claude Hackley, Mr. and Mrs. Marion Hall, Mr. and Mrs. Reandeau, Mr. and Mrs. Elman Rose, Mr. and Mrs. Raymond Wochner, Miss Kathleen Day, Miss Winifred Kaiser, Mrs. Ethel Wine, John McCarthy, Howard Miguel, Walter Griffith, and Clive M. Saiz.

The ball is to be held on Friday evening, June 1. No hints as to the decorations have been given as yet, and will not be disclosed until the evening of the affair.

Co-chairmen for the ball are Lois Rich and Ed Boyle.

"Clothslines Hop"

A big crowd is expected tomorrow night at the monthly dance sponsored by the entertainment committee.

The dance, under the title of "Clothesline Hop," suggests soap and bubbles and a clothesline idea for decorations.

The dance is scheduled to begin at 8:30 with the Indians of Rhythm furnishing the music.

This will be the last dance for this term except the Senior ball.

Fire Proves Fatal To Carmel Children

Danger of leaving babies and young children alone in locked homes and automobiles was clearly brought out over the weekend by two incidents in Northern California. Three children of an overseas soldier were fatally burned at Carmel late Saturday night, after being locked in their home by their mother and grandmother who were found at a nearby bar, in a fire which destroyed the home. At Burlingame Saturday afternoon a baby, left in a closed car, escaped death only because the mother happened to return, and found the top afire from a short circuit in the wiring to the dome light.

At Carmel, Mrs. Celia Van Fossen, 23, and her mother, Mrs. Katherine Becker, put Mrs. Van Fossen's three children, Thomas, 3 years; Barbara 2 years; and Linda, 5 months to bed at 9:30, Saturday night, locked the house, and went to Mission Ranch club, a mile away.

A short time later fire broke out, and soon gutted the small, wooden framed house. Two army officers and policemen carried the children from the burning house, and rushed them to a nearby hospital, where Linda died at 12:45 a. m., Barbara at 5 a. m. and Thomas at 9:30 a. m. Sunday.

Located at the tavern at 11 p. m., Saturday night by policemen, the mother and grandmother were prostrated by the news. Monterey county officials indicated Sunday the grand jury would be asked to charge the two women with manslaughter.

At Burlingame, Mrs. Ben Weber of San Bruno left her baby locked in a car parked in front of the city hall, while she completed her shopping. Returning to the car a short time later, she was horrified to find the top of the car on fire, and the baby almost suffocated.

After she had rescued the child, and the Burlingame fire department put out the fire, Acting Fire Chief Leis of Burlingame issued a warning to parents against leaving young children alone in closed fires.
